

 24/7 refuelling

EG Fuel (formerly Salland Olie) focuses on developing and supplying alternative fuels, such as electricity and liquid natural gas (LNG).

We run an unmanned filling station at InnoFase. All holders of a GO Fuel Card may refuel here 24/7. The station in Duiven is part of a network that comprises over 200 filling stations in the Benelux.

The benefit for companies at InnoFase is that they do not need to invest in fuel storage. And that results in a lower risk to the environment.

 a division of the EG Group

COMPANY INFORMATION

Status:	Well established:
