

MAN Duiven

Sells, maintains and repairs trucks and company cars

MAN Duiven specialises in the field of MAN trucks and Volkswagen company cars. We advise businesses in setting up and maintaining their company-car fleet.

We help businesses to get up and running again fast after a breakdown. We carry out repairs at our workshop and offer comprehensive service: extended opening hours, a 24/7 emergency service, a collection and delivery service, and replacement transport.

We believe in sustainable waste management. We deliver our waste flows to SUEZ. They then process these flows into raw materials for new products.
